Angela, my car died yesterday so it is in the shop. I can take a Uber to come see you or we can have our face to face meeting tomorrow?

Would you be so kind to print off the case # 108300740 from Ofc. Dwyer from earlier this week when I called the non-emergency number.

The new neighbor has attempted to commit a battery 3 times. I have already shared with you several videos that show the anger and threats.

He told me to my face he will have people waiting outside a store to hurt me and told me he sleeps in a coffin and likes to fight people, seriously.

In e-mail messages to me on Mon he threatened harm myself and my neighbors boat saying he was going to tie cinder blocks to the propeller.

This aggressive behavior is very premeditated. You can see in the video Monday I was at my front door, and he yelled at me from the street?

The threats and intimation for living our everyday life at our home are scary. We have been here 5 years, they just moved in across the street.

Confirmed.

I have attached 3 videos. A video threading to blowing up my home. A video saying vulgarities with a dog without a leash and something about a rifle?

The video (attached) I came out of my front door last night and was not even on my driveway and he yelled at me go inside boy and his dog went crazy.

We called the non-emergency at 8:47pm for a officer to come. I am a victim, I am being harassed and threatened with harm to myself and our property.

I was present during all these threats. My wife, and I worry for our safety. I spoke to new neighbor one-time and he did threaten me and was very drunk.

I have kept a very low profile. The new neighbors in Unit 101 don't use a leash and called about my dog: https://ring.com/share/6560664627428812342

Please see the attached videos. Listen to what he says - I am in the yard, and he is threatening to shoot me and damage my home and property Angela.
